### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below to correct an obvious typographical error. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 1, line 3, and in claim 9, line 10 "a rotating device" has been changed to "a rotating disk".

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest at least a device for moving three-dimensional objects in a projection space of a projection system comprising a rotating disk and a moving belt countersunk in the rotating disk, wherein one of the rotating disk and the moving belt has sensors for detecting movement of an object on the one of the rotating disk and the moving belt, and the one of the moving belt and the rotating disk is driven with the help of a control device as a function of a detected movement of the object.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
